NAVIGATE GOOD BEER WEEK WITH THE CRAFTY PINT'S APP!

We've built an app to help beer lovers find good beer when they're out and about - and it's yours for free.

Rather than replicate the Crafty website, we flipped it on its head and pulled the map and all the info we've created on breweries, venues and bottleshops to the front instead. Open it up and you'll find the nearest breweries and venues staring back at you - as well as where to find them, when they're open, what they've got on and more. The interactive map features full listings for businesses in our directory - including details of Crafty Cabal offers and forthcoming events - as well as links to other good beer operators we've written about, suggested Crafty Crawls and more.

WHAT IS PINT OF ORIGIN

Chances are that if you've got one of these maps in your hand, you've got a good idea already. But, in short, it's a simple concept introduced to Good Beer Week by The Crafty Pint back in 2012.

We wanted to find a way of helping brewers from across Australia take part in the country's biggest celebration of good beer without having to do more than send a keg of beer. So we lined up half a dozen great pubs and asked each to represent an Aussie state.

It went off like a frog in a sock and has never looked back, with 17 venues on board in 2019 and multiple countries and regions of the world now represented too.

At its core, it's about each venue showcasing the beers and breweries of their chosen state or country, but you'll find much more: meet the brewers, dinners, face-offs, masterclasses and so on.

Keep up to speed via the Good Beer Week site, craftypint.com/poo-melbourne, PoO venue's Facebook pages or looking for posts tagged #PoO19 on social media.
